

Quality & Workmanship Backed By
Amarillo Gear Service 2 Year Warranty.

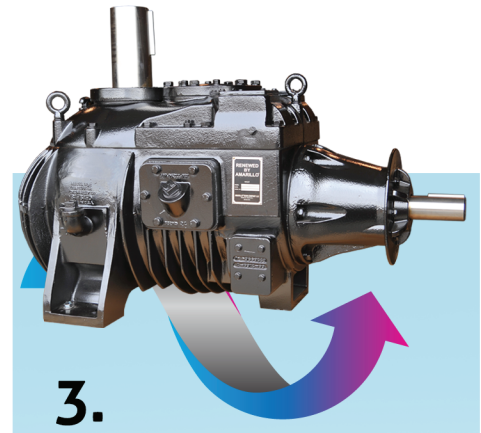

NOW AMARILLO® CAN RENEW YOUR MARLEY™ GEARBOXES

When you contact **Amarillo Gear Service™** about RENEWING your gearbox, we will provide you with a basic renewal quote along with possible additional costs dependent on in house inspection results.

After receiving your drive, an Amarillo® Gear Technician will inspect for wear and damage. We will then send you an As Found Condition Report, photographs of critical wear parts and an exact cost for renewal of your gearbox.

Finally, after your approval, your drive will be **RENEWED**, inside and out, given a double coat of marine epoxy paint and returned to you with an As New one year warranty.

Instead of replacing a gearbox, now you have the option of RENEWING it.

Amarillo® Gear Company, the gear specialists, now manufacture (in Amarillo, Texas) replacement spiral bevel and helical gears for use in Marley™ gearboxes. That means you know you are getting quality, backed with a full one year warranty from Amarillo Gear.

Thinking...Inside the box.

In addition to all Amarillo® models we renew and have Amarillo replacement parts for the following Marley® gearboxes;

Series	Ratios
